### **New Resident Artist - Peter Jaques**

From a background in illustration and design, and with a wealth of experience, Peter joined Project Workshops at the beginning of October. Relocating from a small premises in Chandler's Ford, his new light and airy studio is ideal, both as a workspace, and as an exhibition space for his finished paintings.

Very happy to be among like-minded artists, Peter enjoys the calm but intense working atmosphere at Project Workshops. He looks forward to a successful year producing oils and watercolours as landscapes, portraits, and still life, and plans to teach these subjects at his new studio in the New Year.

In May, 2011 the Resident Artists will be holding an Open Studios Weekend. This annual event promises two excellent days out, and will be a great opportunity to meet the artists and view their latest work. The glassblowing demonstrations are always a popular attraction!

Entry to the event will be free, and there will be plenty of free parking space.

### **Returning Resident Artist -Vivi Mallock**

Vivi is absolutely thrilled to have returned to a studio in Project Workshops after nearly ten years away. The wonderful new building alongside the foundry includes a well-lit studio which is ideal for her sculptural work.

The new Talos Art Foundry at Project Workshops has already moulded and cast a large number of her sculptures, and Geoff and his team are a joy to work with. Vivi is happy to be surrounded by

other artists and craftsmen who can advise her on stonework and woodwork, and help her to design mountings for her sculptures if required.

Next year looks an exciting one for Vivi, with a number of stimulating commissions to tackle. Vivi feels that she is among friends and already relishes being a member of a gifted team, determined to produce work of the highest standard.

### **Amy Goodman - Sculptor and Portrait Artist**

A view of her sculpture, 'Gallop Thoroughbred' outside the Mall Galleries for the 'I Found Horses' Exhibition in aid of the Emile Faurie Foundation, held in October 2010. A group of equestrian artists donated and sold work to raise funds for this worthwhile cause: a charity which helps disadvantaged children and young people experience the pleasure of riding and caring for horses.
